

# CitabilityCodeathon<sup>1</sup>

BROUGHT TO YOU BY

AND

**Microsoft**<sup>®</sup>

## April 9–11, 2010

→ STARTS FRIDAY 04/09 AT 7PM, ENDS SUNDAY 04/11 AT 4PM ←

We're making government documents more accessible and easier to use with your help! By using **advanced permalinks as citations**, we'll ensure all online information is easily referenced.

We are gathering for a weekend to create open source tools in all the major open source platforms.

Register and signup for a project at <http://DCcodeathon.com>.

### OUR GOAL

We strive for better **accountability** and **transparency** by creating open source tools to allow any **government** entity to easily become **citible** on the internet.

At our weekend long Codeathon, you'll **write and develop** the tools necessary to bring this project to fruition, and then have the opportunity to **showcase** those tools to government members. It's **free! Food, drinks and entertainment will be provided.**

### HOW TO PARTICIPATE

- Go to <http://dccodeathon.pbworks.com/Project> ahead of time. Register your project and start designing. When it's Codeathon weekend, we'll only have time left for coding!
- Come to Codeathon! We'll feed you. Create your project.
- Show off! Sunday evening, give a demo to the group.

### LOCATION

Microsoft Corporation  
5404 Wisconsin Ave, Ste. 700  
Chevy Chase, MD 20814  
M Friendship Heights

Learn more about citability at [citability.org](http://citability.org) and about our Codeathon at [DCcodeathon.com](http://DCcodeathon.com).
